## **Agreed Removal Decision**

**5 April 2024**

**Registrant:** Florina Adina Iancu

**PIN:** 16G1206C

### **ASSISTANT REGISTRAR'S DECISION**

A decision has been made by an Assistant Registrar to approve the application for agreed removal based on the assessment of the relevant criteria. The reasons for the decision are below.

#### **Details of regulatory concerns**

1. Failure to properly administer medication to a resident/s in your care
2. Poor record keeping in that you failed to sign for administered medication to a resident in your care
3. Poor Communication – in that you used inappropriate and threatening language towards colleagues and residents

### **ASSISTANT REGISTRAR'S REASONS**

The following documents were considered when assessing this agreed removal application:

- Application for agreed removal dated 5 February 2024
- Regulatory concerns response form
- Case examiners' decision dated 22 March 2022
- Emails from Florina Adina Iancu setting out their future plans
- A letter to the maker of the allegation inviting their comments on the application for agreed removal, dated 5 February 2024

#### **Assistant Registrar's decision**

I've decided to agree to removal in this case. I'm satisfied that:

- Florina Adina Iancu no longer intends to work as a registered nurse,
- the allegations against Florina Adina Iancu are not so serious as to be fundamentally incompatible with continued registration,

- there are no other good reasons requiring us to consider the allegations further at this time,
- the public interest is best served by approving the application and enabling Florina Adina Iancu to leave the NMC register.
