Agreed Removal Decision

Registrant: Julie Margaret Sutton

PIN: 96C0444E

Part(s) of the register: Registered Nurse – Adult Nursing

Relevant Location: West Yorkshire

On 19 January 2022 we received a referral raising concerns about Julie Margaret Sutton's fitness to practise. The referral alleged that there were problems with her record keeping, her communication with other professionals, and her ability to manage medication safely. Julie Margaret Sutton accepted some of the incidents and allegations reported to us, but not others.

We investigated the issues and the matter was referred to the Fitness to Practise Committee. No allegation against Julie Margaret Sutton has yet been found substantively proved by one of our statutory committees. In December 2023 we received an application from Julie Margaret Sutton for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Julie Margaret Sutton's application for agreed removal, I've taken into account:

- that there have been no objections to agreed removal from the maker of the allegation
- the case examiner decision
- the interests of Julie Margaret Sutton
- the public interest.

I'm satisfied that:

- Julie Margaret Sutton no longer intends to work as a registered nurse
- the allegations against Julie Margaret Sutton are not so serious as to be fundamentally incompatible with continued registration
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by removing Julie Margaret Sutton's name from the NMC register by agreement.

This record of decision will be published for twelve months from the date of the decision, 7 February 2024. In the event that Julie Margaret Sutton seeks readmission to the register, we may consider the matters that led to this agreed removal further.
