Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery, or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery, or nursing associates.

Your supervision must consist of working at all times on the same shift as, but not always directly observed by the senior member of staff.

- a) Any current or future employer.
- b) Any educational establishment.
- c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

Unless Ms Triandafilou's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter.

Additionally, Ms Triandafilou or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Ms Triandafilou's case officer will write to her about this in due course.

The NMC will write to Ms Triandafilou when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Ms Triandafilou in writing.

That concludes this determination.
