Mrs Ojeniyi:	Present and represented by Neomi Bennett, of Equality for Black Nurses (EBN)
Interim order to be reviewed:	Interim conditions of practice order (18 months)
Outcome of review:	Interim conditions of practice order varied

Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the implementation of the following varied conditions:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must limit your Advanced Clinical Practitioner (ACP) training to a single substantive employer. This may be through an agency, as long as you work in a single area for no less than 3 months.
2. You must be directly supervised whilst prescribing medication until you have been deemed competent to prescribe independently by another Clinical Prescriber.
3. You must ensure that you are supervised by your line manager, mentor or supervisor any time you are working as a trainee ACP. Your supervision must consist of working at all times on the same shift as, but not always directly observed by, another registered nurse when working as a trainee ACP.
4. You must attend a monthly meeting with your line manager, mentor or supervisor to discuss your work and progress in all areas of clinical knowledge and assessment covered as part of your ACP course to include:
 - Recognition of strokes and TIA
 - Blood pressure regulation mechanisms
 - Chest conditions and anatomy
 - Renal function and electrolyte balance
 - Skin conditions

- Medications management, including familiarisation of medicines
5. You must submit a report from your line manager, mentor or supervisor to your NMC Case Officer prior to each review. Each report must comment on the areas identified above in condition 4 and your general progress as a trainee ACP.
 6. You must keep the NMC informed about anywhere you are working by:
 - a) Telling your case officer within seven days of accepting or leaving any employment.
 - b) Giving your case officer your employer's contact details.
 7. You must keep the NMC informed about anywhere you are studying by:
 - a) Telling your case officer within seven days of accepting any course of study.
 - b) Giving your case officer the name and contact details of the organisation offering that course of study.
 8. You must immediately give a copy of these conditions to:
 - a) Any organisation or person you work for.
 - b) Any agency you apply to or are registered with for work.
 - c) Any employers you apply to for work (at the time of application).
 - d) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
 9. You must tell your case officer, within seven days of your becoming aware of:
 - a) Any clinical incident you are involved in.
 - b) Any investigation started against you.
 - c) Any disciplinary proceedings taken against you.

10. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:

- a) Any current or future employer.
- b) Any educational establishment.
- c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Your case officer will write to you about this in due course.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
